Mr Marshall stated there are a range of issues around what building would be put on Recreation Field. It needs to be a decent building and the specifications have to be correct when installed, ie need to see what the Football Association requires for the league teams. There needs to be more structure and a project team to move this forward correctly which will help with gaining funding. It is a good opportunity to open up Recreation Field to more usage but it must be undertaken correctly in the first instance.

Mr Secker reported that he has received a number of complements about the Remembrance Day Service – specifically how well attended it is and the overall feedback is that it is a very good service.

Chairman closed the meeting at 7.40pm
