

LORD CREWE'S CHARITY

CELEBRATING 300 YEARS

Tercentenary Grants 2021-2 Local Grants Programme, Blanchland and Seahouses

Lord Crewe's Charity will be celebrating its 300th Anniversary in 2021. Amongst other initiatives will be a programme of Tercentenary Grants, including small grant schemes for groups in the Blanchland and Seahouses areas (local grants). This sheet provides initial information on these local grants.

Criteria

Standard terms and conditions will apply to all grants

Blanchland and Seahouses grants will be open to applications from groups and organisations.

All projects must be charitable – applicants must clearly demonstrate that their projects meet this requirement.

All applications will be made by completing a short pro forma and accompanying proposal.

All projects must be additional – they cannot be for continuation funding, or replace other funding for existing activity.

Applicants will be expected to demonstrate leverage of other funding including their own investment in their projects

Expenditure must take place (be defrayed) in the period 1st January 2021 to 31 December 2022. However at least 50% of the expenditure must take place in 2021. These are one off grants and will not be repeated.

Grants may be for capital, revenue, or a combination of the two.

Local grants will not be larger than £20,000. Very few grants of this size will be made: projects requesting a grant of this size must make a clear and strong case stating in what way the project will contribute to the celebration of 300 years of the Charity.

It is anticipated most grants will be much smaller, in the range £200 to £2,000.

Capital projects will need to demonstrate they have obtained any necessary planning permission, or show why this is not required.

Applicants will need to demonstrate how:

- Their projects contribute to the Charitable Objectives of Lord Crewe's Charity
- Their projects contribute to the celebration of 300 years of Lord Crewe's philanthropy through his Charity
- Who the audience(s) are for this message through this project.

Projects may only benefit the residents of specified ecclesiastical (NOT civil) parishes to which the Charity has a connection. You will need to demonstrate how you will ensure that all beneficiaries are eligible. These ecclesiastical parishes are:

Seahouses and Northumberland Coast

- 1) Bamburgh, Belford and Lucken
- 2) Beadnell, Ellingham and North Sunderland
- 3) Norham and Duddo

Blanchland and surrounding area

- 4) Blanchland with Hunstanworth and Edmundbyers and Muggleswick
- 5) Slaley, Healey and Whittonstall
- 6) Shotley

A map will be available of these areas along with a list of post codes contained in each ecclesiastical parish.

If you would like to register an interest in making a grant, please do so by emailing clive.smithers@lordcrewescharity.co.uk or write to
