

Belsay Parish Council
Annual Report 2022 - 2023

The Parish Council experienced another relatively quiet year. Following concerns were raised by residents of Belsay regarding the speed of traffic through Belsay and parking outside the school, the County Council installed a scheme to address the situation. The Parish Council is hopeful that this will be the case and will review the success or otherwise in the coming year. A proposal to add to the scheme by way of “Gateways” at either end of Belsay is under consideration by the Parish Council to enhance the speed reduction of traffic entering the village.
